// EXPERIENCE

Senior UX DesignerAug 2020 – Present · Pune
Globant · Enterprise IoT, Fintech, SaaS

- Led end-to-end UX across 6 concurrent enterprise products, translating complex stakeholder requirements into interaction models, screen flows, and design systems for web, Android, and iOS.
- Applied accessibility standards (WCAG) to applications serving global enterprise clients, reducing task completion time by 2.5s and driving a 35%+ engagement lift on flagship IoT dashboards.
- Partnered with cross-functional teams of 8+ to conduct heuristic evaluations, user research, and usability testing, iterating high-fidelity prototypes through rapid feedback cycles.

Senior UX ConsultantMar 2020 – Aug 2020 · Pune
Thought-Craft · B2B Innovation Lab

- Translated B2B enterprise requirements into UX scenarios and task flows, creating storyboards and low-to-high fidelity prototypes to rapidly validate product concepts with stakeholders.

Senior UX DesignerDec 2019 – Feb 2020 · Pune
Innoplexus · AI, Pharma Data

- Designed low and high-fidelity wireframes for AI-driven pharma data products, producing interaction guidelines, prototypes, and UI pattern libraries that accelerated developer handoffs.

Senior Interaction DesignerFeb 2019 – Oct 2019 · Pune
Ogee Studio · Cybersecurity B2B

- Designed interaction models and user flows for cybersecurity B2B applications, swiftly mapping complex security requirements to working low and high-fidelity prototypes.

UX DesignerFeb 2018 – Feb 2019 · Pune
Extentia Information Technology · Enterprise B2B

- Conducted competitive analysis and primary user research to design user-centric interfaces and task flows, building design understanding through interviews and usability testing.

Interaction DesignerMay 2016 – Oct 2017 · Pune
Ogee Studio · Cybersecurity

- Worked on 3 cybersecurity product projects, translating briefs into interaction scenarios, user flows, and storyboards while contributing to design critiques and cross-team reviews.
