Senior UX Designer Aug 2020 – Present · Pune

Globant · Enterprise IoT, Fintech, SaaS · 6 Projects

- Interacted with clients to define product strategy and goals, creating user-centric interaction models, screen flows, and detail designs across web, Android, and iOS platforms.
- Applied WCAG accessibility standards to enterprise applications, reducing task completion time by 2.5s and driving a 35%+ engagement lift on flagship IoT dashboards.
- Reviewed and evaluated existing products, produced heuristics-driven design options, and delivered personas, user flows, and clickable prototypes through rapid feedback cycles with 8+ cross-functional teams.

Senior UX Consultant Mar 2020 – Aug 2020 · Pune

Thought-Craft · B2B Enterprise Applications

- Translated B2B enterprise requirements into UX scenarios, task flows, and product workflows, creating storyboards to map and communicate design intent.
- Swiftly converted complex problems into working low and high-fidelity prototypes to validate solutions with stakeholders.

Senior UX Designer Dec 2019 – Feb 2020 · Pune

Innoplexus · AI, Pharma Data

- Designed low and high-fidelity wireframes and mockups, crafting IA diagrams, UI pattern libraries, and interaction guidelines for AI-driven pharma data products.
- Created rapid prototypes translating abstract ideas to visual assets, enabling the product team to rapidly converge on solutions for development handoff.

Senior Interaction Designer Feb 2019 – Oct 2019 · Pune

Ogee Studio · Cybersecurity B2B

- Translated security product requirements into UX scenarios, task flows, and storyboards, then swiftly produced low and high-fidelity prototypes for stakeholder validation.
- Mapped complex cybersecurity requirements to interaction models and product workflows, maintaining design consistency across B2B application suites.

UX Designer Feb 2018 – Feb 2019 · Pune

Extentia Information Technology · Enterprise B2B

- Converted briefs into user-centric interfaces, task flows, and interaction models through competitive analysis and primary research including user interviews.
- Developed low-to-high fidelity prototypes, tracked usability goals, prepared reports for senior management, and collaborated closely with developers to ensure cohesive delivery.

Interaction Designer May 2016 – Oct 2017 · Pune

Ogee Studio · Cybersecurity · 3 Projects

- Understood requirements and translated them into UX scenarios, task flows, storyboards, and low/high-fidelity prototypes across 3 cybersecurity product projects.
- Mapped requirements into product workflows and contributed to design critiques and cross-team reviews to ensure solution quality.
